

Speaker:
Professor Mark Rector, Author, Public Speaker, Educator

Title:
OH CANADA! Our Home and Inventive Land!

Abstract:

From a life-long passion for Canadian inventors Professor Rector inspired his students with tales of great Canadian inventors. Now he's speaking across the country about his smash bestseller "OH CANADA! Our Home and Inventive Land!", now in its FIFTH PRINTING with OVER 5000 copies sold!!!

This fun and engaging bathroom reader has many of the intriguing, and poignant tales of amazing Canadian ingenuity! This multimedia road show presentation will have you standing and cheering for Canada, as you will hear many stories from the book including the tragedy of the Avro Arrow, to the triumph of millions saved by the pacemaker, to the complexity of the most intricate robot ever built The Canadarm! As well as the triumphant story of this professor's project with four students that made history with a world's first!
